# 1. Water / Living Lakes – Dr. Alain Masri

## 2. Biodiversity & Business - Stefan Hörmann

The screenshot shows the homepage of the Business & Biodiversity Campaign website. At the top, there is a banner with a logo on the left that says "BUSINESS & BIODIVERSITY CAMPAIGN" and a central image of a hand holding a small tree. To the right of the banner, there is a language selector showing "Sprache: EN ES" and a search bar. Below the banner is a navigation menu with five items: "Die B&B Kampagne", "Wissen", "Aktivitäten & Netzwerk", "Case Studies", and "Service".

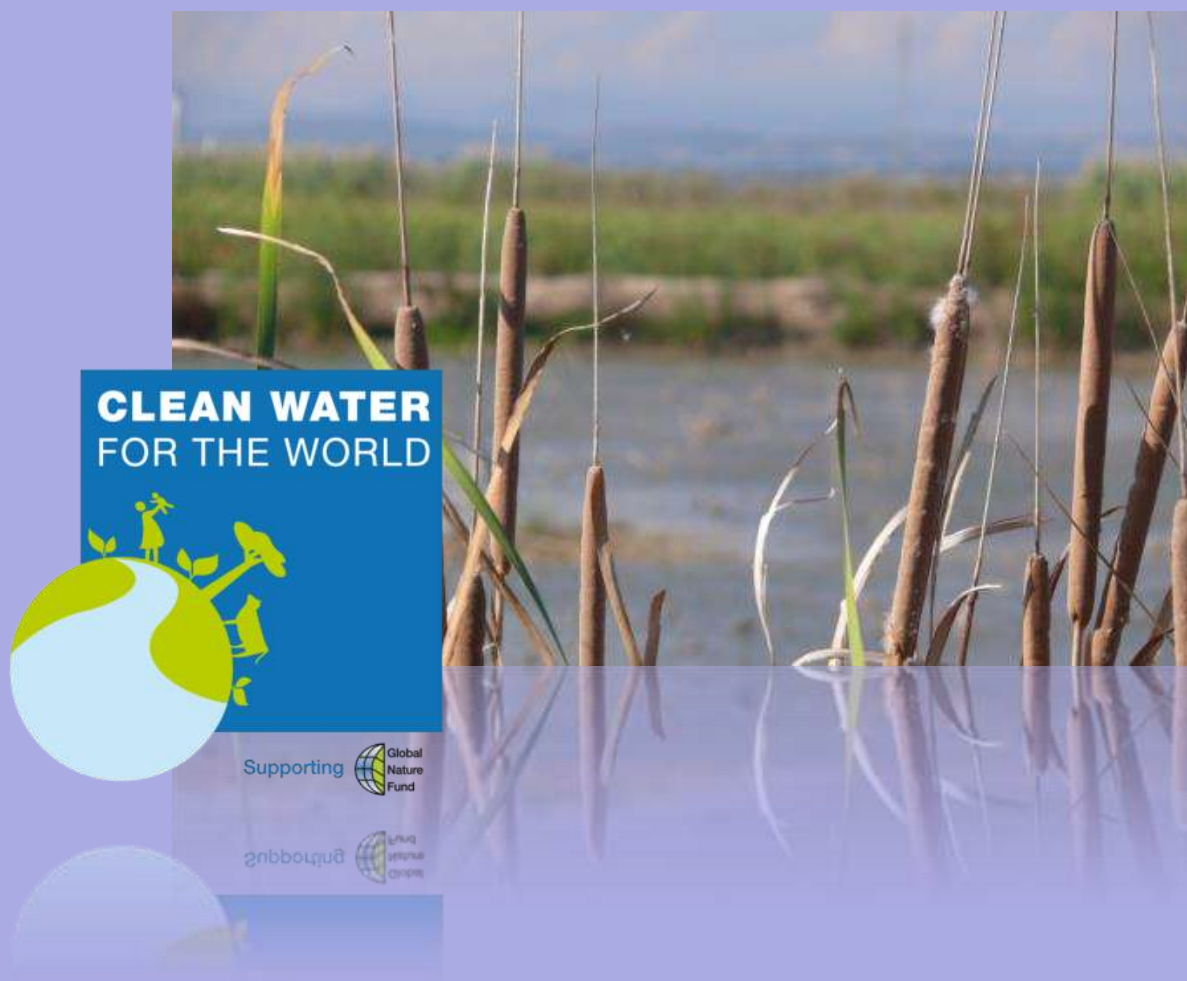

The main content area is divided into several sections:

- Left sidebar:** A vertical list of links with small images: "Biodiversity Check", "Case Study", "99 seconds", "Energie-Workshop", and "Workshops & Foren".
- Center:** A large image of a wooden walkway through a lush green forest. Below the image, the text reads: "Aktuelle Informationen. Gut vernetzt. Workshops und regionale Foren informieren Unternehmen, Auditoren und Verbände über Risiken und Chancen von Biodiversitätsmanagement, Kooperationsmöglichkeiten und Naturschutzmaßnahmen. Weiterlesen..."
- Right sidebar:** A blue box with the "Life" logo (the European Union flag) and the text "Das Projekt wird gefördert von dem LIFE-Programm der EU". Below this is a "Newsletter" section with a "Your Email" input field and a "Subscribe" button, followed by the text "Machen Sie mit - Legen Sie Ihr Profil an!".

At the bottom of the page, there are three columns of content:

- Umfrage:** A survey titled "Hat Ihr Unternehmen bereits ein Biodiversitätsmanagementplan oder besteht Interesse daran?" with radio buttons for "ja, besteht bereits" and "nein, besteht noch nicht".
- Aktuelle Meldungen:** A section with a small image of a person and the headline "Auf dem Weg zur ressourceneffizienten Wirtschaft - EU legt neue Roadmap vor". The text below discusses the Global Footprint Network's findings for 2011, mentioning "Earth Overshoot Day" and the ecological footprint exceeding the Earth's biocapacity since September 2011.
- Aktuelle Veranstaltungen:** A list of events, including "20.10.2011: BMU-Dialogforum 'Biodiversität und Unternehmen'" and "3.11.2011: ...".

Where do we come from?

*What is our objective (our mission, our vision)?*

*What have we achieved?*

*Where are we now?*

*What are we aiming at?*

## Mission

- Living Lakes is an international network and partnership whose mission is to enhance the protection, restoration and rehabilitation of lakes, wetlands, other freshwater bodies of the world and their catchment areas.

## Vision

- All lakes, wetlands and freshwater bodies of the world should be healthy ecosystems and where they are used by human kind, that use should be sustainable and not damaging to the ecosystem.
